engineering solutions  
oil & gas, marine, fishing industry

THISTLE MARINE >  
THISTLE HYDRAULIC SOLUTIONS >  
THISTLE DESIGN & ENGINEERING >

design, development  
and supply of specialist  
equipment worldwide

Thistle Group is a Scottish company established in 1978. The company has a very close association with the commercial marine fishing and offshore oil & gas industry and operates its services on an international scale.

The Group operates three specialist business streams covering all aspects of the industry, Thistle Marine, Thistle Hydraulic Solutions and Thistle Design & Engineering. Together they provide a comprehensive team of specialists with a proven capability and industry knowledge to undertake the most demanding of projects.

CNC lathe, vertical and horizontal borers, slotting and milling machines, centre lathes

- equipment design and development
- highly skilled team of engineers
- hydraulic and mechanical specialists
- equipment service, repair and manufacture
- equipment testing and certification
- fast response and cost effective solutions
- major parts and components supplier
- equipment, product sales and rental

equipment sales  
and rental on an  
international scale

repair, modification and  
manufacture of hydraulic  
and mechanical equipment

The Group's strengths lie in our ability to conceptualise and then engineer an appropriate solution within budget and on schedule. Since its formation, Thistle Group has consistently provided a service that delivers maximum value to the fishing, marine and oil & gas industry.
